

How to determine if the photovoltaic panels are not generating electricity

The Problem: Dirty Solar Panels
The SOLUTION: Solar Panel Cleaning
The Problem: New Obstructions
The SOLUTION: Remove What You Can
The Problem: Malfunctioning Inverter
The SOLUTION: Schedule Solar Inverter Servicing
Get Help with Solar Panel Troubleshooting & Repair in Arizona
Obstructions like trees and buildings throw shade on your solar panels, blocking the sun and preventing them from producing energy. If your solar panels are not producing as much power as they once did, check for new obstructions that didn't exist when you installed your system. If the trees surrounding your home aren't regularly trimmed, for example...
