

Longi himox6 photovoltaic panels

Feature highlights: High-efficiency monocrystalline silicon solar panel with 22.5% module efficiency, featuring an IP68-rated junction box and customizable cable length.

Hi-MO X6 Max takes over the core technology of HPBC cells and is equipped with the new LONGi TaiRay Inside, leading the industry in terms of size standard, which can better meet the needs of ...

A 580W, 144-cell solar panel that is ideal for larger-scale commercial & industrial installations. The module features a silver frame and white backsheet, and uses high-efficiency Hybrid Passivated ...

Boasting an impressive efficiency of up to 23.3% and a maximum power output of 63W, the LLongi Solar Panel HimoX6 max Scientist LR7-72HTH 620~630M sets a new standard for solar panels.

High resistance water sealing and high-purity POE film, consistently stable performance. Customized low-lead electrodes, suited for humid and hot environments. Anti-Dust design, preventing shadows ...

LONGi Co., Ltd. offers high-quality solar photovoltaic panels and energy storage solutions for sale. Explore our advanced, efficient solar products today.

LONGi Solar Technology Co., Ltd. Solar Panel Series Hi-MO X6 Scientist LR5-72HTH 590-600M HPBC+ Cell. Detailed profile including pictures, certification details and manufacturer PDF.

With power outputs ranging from 560W to 585W, these panels are suitable for residential, commercial, and utility-scale installations, allowing for efficient energy production.

The LONGI HIMO6 photovoltaic panel is designed to maximise light absorption, without any shading from the bus bar on the front face of the panel. This allows for better performance in conditions of ...
