

Solar power generation in Xixian New District

The world-leading solar photovoltaic enterprise LONGi Green Energy Technology launched its production base in Jinghe New City of Xixian New Area with a total investment of 26.1 ...

Anhui Tiger Co., Ltd. was invited to sign a cooperation agreement with Xixian New District. It plans to invest 500 million yuan in the next 5 years to build an inductor R& D and production base, including ...

Where Shanxi goes, China goes, in their broad energy overhaul, as the region with a quarter of the nation's coal serves as the ultimate proving ground for Beijing's "dual carbon" strategy.

This particular project will reach an annual output of 100GW monocrystalline silicon wafers and 50GW solar cells, which will be the largest base of LONGi in China, as well as the PV ...

In terms of power safety, it is required to continuously respond to extreme weather conditions, urge enterprises to strengthen equipment insulation and inspection, ensure stable operation of the power ...

Shaanxi Xixian New District Taipingzhen solar farm is a solar photovoltaic (PV) farm in pre-construction in Taiping Town, Jingyang, Xianyang, Shaanxi, China.

"Solar Module Super League" (SMSL) participant LONGi Group is preparing to construct a new 15GW monocrystalline solar cell plant in Jinghe New City, Xixian New District, Shaanxi Province, China to ...

In January this year, Chinese solar energy giant LONGi Green Energy Technology Co., Ltd. settled a project with an annual output of 100GW monocrystalline silicon wafers and 50GW ...

Recently, the pilot line of the perovskite thin film solar cell project of Xi'an Tianjiao New Energy Co., Ltd. was officially launched in Fengxi New Town, Xixian New Area.
